Chandra and Tara: Genesis of Chandravansh H. S. Singh 2017-12-29 This stunning epic-like fiction book covers a story of Chandra and Tara, whose descendants ruled India. Buddha, the son of Chandra and Tara, was a progenitor of Chandravanshi kings. Except for a few, most of the kings mentioned in the oldest book, Rigveda were their descendants. The story of Tarawife of Brihaspati who eloped with Chandra and conceived his seed to produce progenitor of Chandravansh, who ruled India for thousands of yearsis interesting to the readers. Pururava, son of Buddha and Ila and the first Chandravanshi, emerged as the most powerful king at Pratishan who protected Devas from Asuras. This is a story of courage, adventure, and the bravery of Vaivaswat Manuthu creator of Aryavart, giver of social and religious lawsthe Manusmriti, and his journey to establish the kingdoms of the Aryans to spread the Vedic culture. The authors pure intention is to present an image of prehistory in a form of a fictional story. The Puranic facts are not distorted, but the gaps are logically dramatized so that the readers develop an imagination of a branch of the Aryans world that existed after the great flood.

Subversive Champagne Rodney Marshall 2015-01-03 Subversive Champagne re-examines the 1960s cult television series, The Avengers, through a close analysis of 25 filmed episodes. The book examines how The Avengers - during the classic Emma Peel era (1964-1967) - was continually shifting the boundaries of audience expectation, defying both genre classification and viewers' traditional desire for kitchen sink drama. Subversive Champagne centres on eighteen episodes from the monochrome Peel Season 4 - widely acknowledged as the artistic pinnacle of the series. It is in this era - caught between video-tape and colour film - that The Avengers was undergoing arguably its most profound stylistic and thematic transitions, from mild eccentricity to something genuinely experimental. The author extends his journey into the exhilarating but 'uneven' colour Season 5, adding chapters on seven more episodes, thus allowing us to explore the entire Emma Peel era. Entertaining froth or groundbreaking art? Rediscover the most iconic show in television history.

The World Cannot Give Tara Isabella Burton 2022-03-08 “The Secret History meets The Price of Salt” (Vogue) in this “equal parts dangerous and delicious” (Entertainment Weekly) novel about queer desire, religious zealotry, and the hunger for transcendence among the members of a cultic chapel choir at a Maine boarding school—and the ambitious, terrifyingly charismatic girl that rules over them. When shy, sensitive Laura Stearns arrives at St. Dunstan’s Academy in Maine, she dreams that life there will echo her favorite novel, All Before Them, the sole surviving piece of writing by Byronic “prep school prophet” (and St. Dunstan’s alum) Sebastian Webster, who died at nineteen, fighting in the Spanish Civil War. She soon finds the intensity she is looking for among the insular, Webster-worshipping members of the school’s chapel choir, which is presided over by the charismatic, neurotic, overachiever Virginia Strauss. Virginia is as fanatical about her newfound Christian faith as she is about the miles she runs every morning before dawn. She expects nothing short of perfection from herself—and from the member of the choir. Virginia inducts the besotted Laura into a world of transcendent music and arcane ritual, illicit cliff-diving and midnight crypt visits: a world that, like Webster’s novels, finally seems to Laura to be full of meaning. But when a new school chaplain challenges Virginia’s hold on the “family” she has created, and Virginia’s efforts to wield her power become increasingly dangerous, Laura must decide how far she will let her devotion to Virginia go. The World Cannot Give is a “hypnotic and intense” (Shondaland) meditation on the power, and danger, of wanting more from the world.

Wolf's Hook Rodney Marshall 2015-02-22 It was a sunny Saturday lunchtime in June 1944. Most of the inhabitants of a sleepy village situated in the 'Free Zone' of war-ravaged France were sitting down to a leisurely meal. Without warning, an attachment of Das Reich soldiers (the elite force of the Nazi's Waffen-SS division) arrived. Hours later, 642 defenceless people had been massacred; their homes were smouldering ruins. From these embers emerged life-affirming stories of survival as individuals defied machine-guns, snipers, explosives and burning buildings to escape the clutches of the deadly Wolf's Hook (the Das Reich emblem). Wolf's Hook is a fictionalised account of the Das Reich attack on a hillside village. It recaptures the essence of what happened that day, using four first-person narrative strands: a waiter, a young boy, an SS soldier and a grandmother. Through their eyes we see the terrifying day unravel. Not suitable for readers under 12.

Blurred Boundaries Rodney Marshall 2016-11-16 In the mid-1980s, in Edinburgh, Ian Rankin was hatching a plot for a 'crime thriller' from his student digs. Knots & Crosses - like its frayed protagonist John Rebus - was rough around the edges but marked a promising debut. More than a quarter of a century later, Rankin and Rebus have a global following. The series has been both critically acclaimed and commercially popular. Detective John Rebus is anything but conventional. The same can be said of Ian Rankin's innovative texts which take crime fiction far beyond formulaic genre, producing radical, disruptive, borderline texts. In the first ever full-length study of all twenty-one Rebus novels, Rodney Marshall argues that Rankin's fiction continues to break new ground, blurring the boundaries between traditional detective novel and modern literature. November 2016 fifth edition: now includes an exclusive eighteen page interview with Ian Rankin and a chapter on Rather Be The Devil, Rankin's new Rebus novel.

both critically acclaimed and commercially popular, drawing audiences of up to 13.2 million viewers. The canals also dictate the show's leisured pace. Avengers expert Rodney Marshall offers a critical guide to all thirteen episodes, exploring the scripts, direction, characterisation, acting and music. Memphis Tara M. Stringfellow 2022-04-05 NATIONAL BESTSELLER • READ WITH JENNA BOOK CLUB PICK AS FEATURED ON TODAY • A spellbinding debut novel tracing three generations of a Southern Black family and one daughter’s discovery that she has the power to change her family’s legacy. “A rhapsodic hymn to Black women.”—The New York Times Book Review “I fell in love with this family, from Joan’s fierce heart to her grandmother Hazel’s determined resilience. Tara Stringfellow will be an author to watch for years to come.”—Jacqueline Woodson, New York Times bestselling author of Red at the Bone Summer 1995: Ten-year-old Joan, her mother, and her younger sister flee her father’s explosive temper and seek refuge at her mother’s ancestral home in Memphis. This is not the first time violence has altered the course of the family’s trajectory. Half a century earlier, Joan’s grandfather built this majestic house in the historic Black neighborhood of Douglass—only to be lynched days after becoming the first Black detective in the city. Joan tries to settle into her new life, but family secrets cast a longer shadow than any of them expected. As she grows up, Joan finds relief in her artwork, painting portraits of the community in Memphis. One of her subjects is their enigmatic neighbor Miss Dawn, who claims to know something about curses, and whose stories about the past help Joan see how her passion, imagination, and relentless hope are, in fact, the continuation of a long matrilineal tradition. Joan begins to understand that her mother, her mother’s mother, and the mothers before them persevered, made impossible choices, and put their dreams on hold so that her life would not have to be defined by loss and anger—that the sole instrument she needs for healing is her paintbrush. Unfolding over seventy years through a chorus of unforgettable voices that move back and forth in time, Memphis paints an indelible portrait of inheritance, celebrating the full complexity of what we pass down, in a family and as a country: brutality and justice, faith and forgiveness, sacrifice and love.

Adventure & Comic Strip Rodney Marshall 2013-11-05 "Even before Linda Thorson (Tara King) replaced Diana Rigg (Emma Peel) as the female co-lead in the 1960s cult television drama The Avengers, critics such as Barry Norman felt that the formula had already become tired and predictably formulaic. However, the King era was beset with problems of its own: the new producer was fired after just three episodes; conflict over the style of the stories and the role of the new female co-lead; episodes hastily re-worked to meet deadlines. At times it was chaotic; the King era was short-lived and The Avengers came to an abrupt end. Was season 6 simply a disappointing endgame? Exploring each of the thirty-three episodes, Rodney Marshall offers a reappraisal of this 'uneven' yet remarkable final season of the greatest of all television series"--Back cover.

Love Faith Death Tara Shah 2014-09-29 Cancer sucks, death sucks even more. But we humans don't have the power to stop either of them from messing with our lives. They enter our lives whenever and wherever they choose to. Cancer is so common that each one of us have known someone who has dealt with the disease; some of us have lost a loved one to cancer. Common does not always mean simple, and it also does not mean we know everything about it. The diagnosis of cancer, regardless of the disease's curability, is almost always nerve-racking, even for healthcare providers like the main character of this book who is a veteran nurse. This book is written in first person; the subject is a middle aged woman who had been separated from her boyfriend some thirty years ago and then after three decades when she searches for an oncologist for treatment of an aggressive cancer that she was recently diagnosed, she finds her ex-boyfriend's name and decides to see him. That brings back the memory of their past together, and she starts going though her old diary she had written some thirty years in the past. Part of the story is set in Nepal (from the diary) and the other part is set in the USA (this takes place after her cancer diagnosis). The main character of the story was born with 'Manglik' cosmic influencer, meaning that the planet Mars "mangal Graha" was in such position in the solar system at the time of her birth that it would have strong negative effect on her husband if she married a man who was non-Manlik (a person born at the time when the planet Mars was not in such position.) What happens next changes the lives of the main characters.

The Psychosocial Implications of Disney Movies Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
